The Global Innovation Field Trip Series

The world is changing and education must change with it. The Online Global Innovation Field Trip Series is The GIFT that will enable you to do that.

Join us for this online, 24-hour, multi-country collaboration, celebrating young innovators and those who educate, inspire and sponsor innovation.

**2020 SERIES SCHEDULE:** May 14/15, July 9/10, September 10/11, November 12/13, beginning at 12 noon New York City time

**Why we should all get involved:**
- Most students do not understand the steps to inventing – *we can educate better than this.*
- Only 12% of patents filed in 2016 were filed by females – *we can inspire better than this.*
- 50%+ of K-12 invention program participants are female – *we need to engage well beyond K-12.*
- K12 students have no predefined career path – *we have the power to influence their path.*
- It is our responsibility to equip every child with the tools necessary to take over where we leave off.

*These kids have a big job ahead of them. Let's do our best to inspire their success!*

**Presenters:**
- Educators
- K-12 Student Innovators
- Program Leaders
- Innovation Supporters from around the globe

**Currently Participating Countries (with room for more to join us):**
- Argentina, Australia, Canada, Chile, China, Ghana, India, Indonesia, Lebanon, Malaysia, Mauritius, Mexico, Pakistan, Singapore, Sri Lanka, Ukraine, United Arab Emirates, United Kingdom, United States

Whether you see your country listed above or not, if your organization would like to participate reach out to us - the more people involved, the better! Write to: GlobalInnovationFieldTrip@Gmail.com

**Programming to include:**
- Inventor Interviews
- Educators
- Industry Experts
- Innovative Speakers
- Inventor Panels
- Curriculum Connections
- Student Challenges
- Thoughtful Conversations (through Chat)
- Media
